

FOR FIRST TIME IN LAKE REGION A CHAUTAUQUA

Active campaign on behalf of the Pahokee Chautauqua will begin next week. Give publicity to the program that will be rendered March 12 to 17.

Pastors of all churches are asked to call attention to the Chautauqua when they make their announcements from the pulpits next Sunday, and teachers will tell pupils and ask them to spread the word. Co-operation of the women's clubs and the fraternal orders is requested.

A Chautauqua for an Everglades community is an ambitious undertaking but it is believed by the sponsors that the region is deserving of an entertainment of this character.

The programs are of the same character as those given in cities of large population. The best answer to the question, "What is a

Less Tomatoes In 1931 In Southern Florida

In 1929, the division of crop estimates of the U. S. Department of Agriculture says in a bulletin dated February 26. Although a record only per cent is reported in the bulletin, the indicated yield per acre is 9 per cent below last year's yield.

The south Florida tomato acreage is reported by the department as 11,100, from which a yield of 60 bushels per acre is expected. The fall south Florida had in 1928, 11,000 acres, the department says, with an average yield of 60 bushels to the acre. Texas had in 3,770 acres with an average yield of 55 bushels to the

Continuing, the bulletin says: There has been no further damage to acreage from cold and heavy rains, but yields to date have been disappointing on account of prevalence of phoma rot. While there have been quite a few tomatoes on the vines that could have been harvested, the carrying qualities were such that it was considered inadvisable to pack. "While the carlot shipments to February 8 this year were in excess of last year's movement by about 200 cars, forwardings this year and last are much below last year's figures. Growers expect continued light shipments the remainder of February and continuing into March. April will be the busiest month.

Mr. and Mrs. C. A. Stuckey visited at Lake Wales, Fla., Sunday. Arthur Bryan, who now lives at Lake Placid, was in Pahokee and Canal Point a few days the first of the week. He came down to see Dr. Sponner about a growth on his ear that is of the character of that which caused the death of his father. He is a brother of Mrs. E. W. Simmons and during his stay on East Beach he was a guest at the locktender's house.

Andy Milliken made a business trip the first of the week to Delray Beach, where he had to be in business as an electrical contractor. He found business not so good on the east coast.

J. N. Tyrer says the rains caused him the loss of 20 acres of beans. His land is north of the drainage ditch and requires a lake level of 15 feet, or less, to avoid the effect of heavy rain.

C. H. Goodrich returned to Fort Myers Tuesday after spending two weeks here with his son.

The high wind of the other night reminded some folks that they will want a radio receiving set next September when there are reports of hurricanes. One of the Philco and Majestic does not suit.

The Soadish Club met at the home of Mrs. G. H. Tucker Thursday afternoon. Games and contests were the order of the afternoon. Mrs. J. N. Tyrer won the prize. Mrs. Charles Tinney guessed the mysterious package. Refreshments were delicious and coffee. A most enjoyable afternoon was spent.

UNIQUE COMBINATION HEADED THIS WAY

Tobias Entertainers at Chautauque Include Comedian, Dancer and Violinist

One of the most unusual combinations that has ever appeared on any Chautauque Platform is to be a feature of the coming Chautauque. J. Tobias, who is known as "The Funniest Man in America since Bill Nye," has with him this year as the other members of his troupe, Harry Harper, comedian and dancer, and David Harlow, comedian and violinist. Each of the three members of the company are notable in their own line, and in addition they have worked out a series of original sketches and pantomimes that is indescribably entertaining.

J. Tobias Entertainers devote themselves entirely and exclusively to the job of giving folks a good time, and each is entirely inflexible in his line so that as well as balance and relief in their program, their content would enable everybody to forget his or her how serious they may be.

It is a mistake to assume that people always talk about money and themselves and the opposite sex and bean prices. Last week most of the talk was about automobile accidents.

Not everybody knows what the badge game is. It is well to say, however, that when an attempt at blackmail is made, don't be afraid of the threats of arrest. Tell the proprietor to go ahead—call off his bluff. It will be the blackmailer and his confederates who will go to jail.

Still, it's funny for anyone to be trying to work the badge game in the Everglades right after the bean crop has been hurt by a frost. A lot of women won't be surprised at anything their husbands—call off their bluff.

It will be presented March 20 in the auditorium. We hope that it will keep this date. T. A. Bass is the author and Hazel Elliott business manager.

The Pahokee high school boys defeated Delray high boys at the basketball tournament Friday. Both teams played close ball all through the game. Pahokee, however, was extra good, backed up with precise shooting. Due to the close calling of the referee, C. L. Wilder and Louis Goff were out of the game on 8 a. m. Saturday morning at 8 a. m.
